## PROFESSIONAL SUMMARY

Passionate software developer with a Bachelor of Computing degree and professional experience in web development. Skilled in creating and enhancing features for web applications, troubleshooting existing functionality, and optimizing performance. Proven track record of contributing to significant projects in the real estate sector. Eager to continue growing professionally in a dynamic environment that fosters skill development.

## WORK EXPERIENCE

### Junior ASP.NET Developer

🏢 [Industrial Web Technologies](#)

📅 *December 2019 - Present*

- Started as an intern and transitioned to a full-time developer role, working on multiple websites hosted by the company
- Dedicated approximately 90% of my time to developing and maintaining PropertyCentral ([www.propertycentral.co.za](http://www.propertycentral.co.za)), a significant real estate platform in South Africa
- Designed and implemented custom features that revolutionized how South Africans sell/rent properties and how real estate agencies receive leads
- Took on server management responsibilities, including performance optimization and troubleshooting

- Deployed new code to production environments with minimal downtime and disruption
- Analyzed, diagnosed and fixed existing bugs while enhancing current features
- Collaborated closely with team members to implement innovative ideas that improved user experience

### Professional Highlights

- **2022-2023:** Led the development of Pitchfour, an innovative service allowing property owners to list their properties and have real estate agents bid for the opportunity to sell them
- **2024:** Successfully launched Pitchfour on the PropertyCentral website for the South African market, creating a new revenue stream and enhancing platform capabilities
- **2025:** Currently developing standalone versions of Pitchfour specifically tailored for the US and UAE markets, expanding the company's international footprint

## TECHNICAL SKILLS

### ✓ Programming Languages & Frameworks

<> C# (OOP, Threading, WPF, Entity Framework, LINQ)

<> ASP.NET

<> PHP (OOP)

<> JavaScript & AJAX

<> HTML5 & CSS3

<> Java

<> Node.js

### ✓ Development & Tools

<> Microsoft SQL Server

<> Android Studio/Eclipse

<> GitHub & Version Control

<> Server Management & Deployment

<> Performance Optimization

<> Delphi

## EDUCATION

### Bachelor of Computing (NQF Level 8)

📍 Belgium Campus, ITversity

📅 2017 - 2021

Completed a comprehensive computing degree with 3 years of academic learning and 1 year in-service training. Curriculum covered programming, web development, database management, software engineering, machine learning, and information technology.

### National Senior Certificate

📍 Hoërskool Kempton Park

📅 2012 - 2016

Completed secondary education with subjects including Information Technology, Computer Application Technology, Mathematics Literacy, English, Afrikaans, Life Orientation, and Business Studies.

## LANGUAGES

<> Afrikaans (Native)

<> English (Fluent)

## INTERESTS & ADDITIONAL INFO

🚗 Formula 1

💻 Programming

🎮 Video Games

💻 Technology

**Nationality:** South African

**Driver's License:** Code B
